Safety Work Order Reports

- [February 2026](#)

New Business

- Faculty member Safety Committee availability (confirmed that Fridays are still good)
- Janel discussed door lock instructions/information. We reviewed how we were going to share the communications with faculty and next steps for door locking policies. What was sent out to faculty was not a policy, but a formal recommendation. Areas are

unique enough to require specific discussions with campus safety regarding best practice.

- Discussed buildings impacted by heating due to loss steam plant and our strategy for supplemental heating
- Warning regarding flood warning due to recent rains
- Mold issues in Main 200e - Janel and Mary will review after today's meeting
- Update regarding water issues on campus

Old Business

- Conversation regarding door locks
