Accident Reports

No new accidents to review. Three medical emergencies were reported using the Maxient system. However, there were no recommendations.

New Business

- Jason mentioned that the work order regarding the fire doors located in the Student Center will be listed for some time, because the parts manufacturer is delayed with no time estimate.
- Janel will request that CMS consider adding an “updates/ comments” section to the work order sheet.
- Kali will send out a poll so committee members can indicate their preference of meeting day/ time and location (e.g. virtual or in-person).

- Kali will send a link to the Accident Prevention Plan for committee review. Committee can read and submit proposed changes at the November meeting.
