Guest: Dr. McLaughlin

➤ **Division Items**

○ **Reorganization Announcements –**

- Mary Harding announced that Dr. Lisa Matye Edwards has accepted the position as our new Vice President for Student Success. Her probable start date will be in early August. An organizational chart and new department tri-fold were provided for all staff members.
- Mary also discussed how leaves, purchases, etc. will be handled during the brief time period when we will not have a Vice President for Student Success on campus. (Same general process as always, except that Sandie will receive calls and take necessary information/paperwork to Dr. McLaughlin for consideration.)
- Mary also mentioned that Sandie will be working on our accreditation notebook and requests for data, help, and ideas need to receive appropriate and timely responses.
- Dr. McLaughlin thanked Mary for her 36+ years of service to LCC and the solid foundation she is leaving behind for Dr. Edwards's transition. He also discussed his belief that enrollments will be leveling out in the next year to around 3,200 to 3,400 FTEs.

- **Farewells, treats, and smiles** – To honor Mary's many years of service to LCC, her Student Services staff members feted her with fresh fruit, lemon bars, a PowerPoint presentation, and a little Student Services BINGO! Mary's last day will be June 30. Staff also said "Good Bye" to Josie Swim who will be leaving us on July 8 as she follows her husband to Texas for his new job. Thanks for the memories!
